Life Education Visit

Dear Parents,

The Life Education Mobile Classroom will be at our school from Monday 31st March to Wednesday 2nd April 2014. Life Education provides a positive, preventative approach to Health and Drug Education and is an important part of the Healthy Bodies and Drug Education units taught in all classes. The programs develop the social skills and knowledge that students need to make good decisions in relation to tobacco, alcohol and illegal drug use.

The cost of the visit has been heavily subsidised thanks to the generous support of many local businesses and organisations. The cost per child is now only $5. This includes a visit to the Life Education classroom and a work-book for follow-up lessons in the classroom. Students may also purchase merchandise when visiting the program. A price list can be found on the notes page of our school website.

Please fill in the form below and return it to your child’s class teacher with the correct money by Wednesday 26 March 2014.

Thank you,
Jane Lieschke.
