We can live sustainably! 01/03/16

Last week we had so much fun here at Camp Australia! The theme of the week was all about how we can live a sustainable lifestyle. In light of our theme, during such hot weather, we thought it would be a great idea to recycle our leftover water and water the plants around the school. We learnt lots about sustainability and even designed posters explaining what sustainability is, what sustainability looks like and what sustainability sounds like. The children really loved this activity and learnt lots.

We had a very creative week this week! The children LOVED designing lots of different things with straws and colouring in. We played lots of games outdoors including their very favourite game of soccer. We are really excited as we have moved our afternoon tea to the outside area of the hall and the children absolutely loved that idea. Next week’s theme is Animal Kingdom! We have LOTS of fun games and activities for the children so it should be another fantastic week.

HOLIDAY CLUB: Please note that HOLIDAY CLUB is now open! Bookings can now be made online. If you would like a flyer that breaks down the activities we will be doing every day please see Aimee or Ruby at the service. It should be LOTS of fun! There are a variety of incursions and excursions to look forward too, including flip out and the movies.

We’re here to make after school care visits the best experience possible for you and your child. If you have any questions about the program please feel free to drop by, meet the team and see what happens in after school care first hand.

We look forward to seeing you soon. The Camp Australia Team,

Aimee O’Connor and Ruby Pryor ☺
